

Vacancy Announcement

A Research Project titled “*Determinants of Research Productivity of University Teachers in Bangladesh*” funded by the East West University Center for Research and Training (CRTEWU), is seeking applications for the following position.

Position: Research Associate (1 position)

Details of the positions are given below:

Key Responsibilities

- Utilize web scraping tools to collect faculty research output data (e.g., publications, citations, profiles) from university websites and Google Scholar
- Build and manage a structured database of collected data
- Clean, merge, and validate data collected through a survey and web-scraping
- Assist in developing and pretesting the survey questionnaire guided by the core research team.
- Support in data preparation and data analysis

Qualifications/requirements

- Master's in CSE/Data Science/Statistics/related field
- Strong programming skills (Python preferred) for web scraping and data processing
- Experience with web scraping tools/libraries
- Working knowledge of organizing and handling data in Excel or similar applications.

Preferred Skills

- Familiarity with statistical software (e.g., Stata, R)
- Proficiency in MS Word, Excel, and PowerPoint (or similar software packages)
- Familiarity with online survey tools, e.g., Google Form, SurveyMonkey

Experience: Candidates with prior experience in web scraping and data processing are preferred and should submit a sample python/other programming script.

Job Type & Duration: This is a temporary (but full-time) appointment for a duration of 6 months.

Salary: BDT 25,000/= (consolidated per month)

Application Deadline: September 15, 2026.

How to Apply: Submit your application through the following link:
